Safety, Health & Environment Policy

Brauteseth Blasting (Pty) Ltd is an organisation specialising in the provision of drilling and blasting services for the mining and construction industry. Management of Brauteseth Blasting (Pty) Ltd attach great importance to the Health & Safety of our clients, employees, visitors & communities in which we conduct our business & commit ourselves with the support of all employees, to protect our environment.

Our aim is to conduct our business activities in the safest manner possible without endangering the Safety, Health of our employees, customers or adversely affecting the Environment.

Management Believe That:

- The occurrence of accidents/ incidents can be minimised or controlled
- Tasks can be carried out without endangering the Health or Safety of personnel or the Environment
- Management & Supervisory staff are responsible for the Safety, Health of those they control within the work environment
- Everyone has a duty to work in a safe manner & to encourage others to do likewise
- Everyone has a duty towards taking care of the Environment

It Is Managements Policy To;

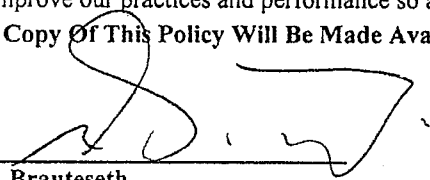

- Create & maintain a safe & healthy workplace for the protection of employees, visitors & our clients
- Establish safe working practices, job instructions & procedures applicable to work to be undertaken
- Train all employees on site in Safety, Health & Environmental protection procedures & requirements
- Promote & create ongoing awareness in Safety, Health & Environment
- Establish means of communication to & from employees, interested & affected parties

Management Are Committed To;

- Ensuring the Health & Safety of our employees
- Protecting the Safety & Health of all visitors and clients who may be affected by our activities
- Minimise the impact of our activities on the environment & the effects on our neighbouring communities
- Review practises for continuous improvement in all aspects of our activities & the implementation of best industry practises at annual intervals or where changes in systems occurs
- Compliance with legal requirements regulations, provincial and local by-laws & other requirements applicable to Safety, Health & Environment

This Policy will be achieved by the implementation of appropriate measures as part of an integrated management system to address all Safety, Health and Environmental aspects of our business and to continually improve our practices and performance so as to enhance stakeholder confidence in our services

A Copy Of This Policy Will Be Made Available To All Interested Parties On Request
